Baltimore, July 6, 1862.

Mesirs. Mortimer & Mouchray: Gents: Last September I was attacked with erysipelas, from which a dreadful ulcer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was billous pleurisy, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaciated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCTURE, and procured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottes, my cough and pains have entirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine.

Mossys. Tyler & Adlair: I have been afflicted with Rheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips: I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and external, without receiving any rellef; I was at last advised to try HAMPTON'S VEGETABLE TINOTURE; before I had taken one bottle of which I felt much better, and as I coutinued taking it I felt strength coming into my back and limbs, and my stemach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled. Yours, ELIZABETH BAGWELL:

PORTMOUTH, (Va.,) Aug. 18, 1851.

Mr. J. E. Boush—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy. I am, respectfully, yours, VERNON ESKRIDGE.

Under the commendation of the comme the afflicted as a saw I am, respectfully, yours, Chaplain in the U. S. Navy.

HAMPTON'S Vegetable Tincture alway WILLIAM T. EVANS. KRAUSER'S PATENT CLOVER-SEED HAR-

KRAUSER'S PATENT CLOVER-SEED HAR-VESTER

IS BEFORE THE PUBLIC FOR THE FIRST TIME!

I's utility is beyond comparison with any other farming implement now in use. It takes the seed from the field, leaving the straw or grass all standing. If weighs two hundred and fifty pounds, is drawn by one horse, and gathers from ten to twelve acres per day. The fingers, or teeth, catch all the heads, the revolving knives cut them off and throw them back into the box, which will cross a twenty-acre field without emptying. The heads are then loaded into a wagon and taken directly to the mill for cleaning, thus diminishing the labor three-fourths, and saving all the seed. This machine comes so low that every furmer will have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

CROSS KETS, WASHINGTON TOWNSHIP, CAMDEN Co., N. J., September 4, 1861. We, the undersigned, do certify that we have seen M Krauser's Patent Clover Harvester in operation, and it he given perfect satisfaction. It has gathered many of thermer's clover in this neighborhood—it is all that Mr. Krauser and his bills represent it to be. The farmers have give one-half for eathering and threshing.

Long-A-Coning, October 7, 1951.

This is to certify that Mr. G. J. Naylor has gathered clover off of a sixteen-acre field of mine, which has been pastured two months with ten head of cattle, and it produced six bushels and a half and one peck of seed. I gave him two-thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.

We have conversed with a number of Farmers, and they ar of opinion that there are at least 3,000 acres in each town ship in Camden or Gloucester county, New Jersey. Admitting there are but 1,000, it is said that each acre will yield from 1½ to 3 bushels. Reducing it to a certainty of yielding but 1 bushel per acre, what will it cost to gather and thresh 1,000 acres? KRAUSER'S PATENT CLOVER-SEED HARVESTER.

Cost of harvesting, &c., 1,000 acres... ..\$500

Perhaps no invention offers greater inducements for rofitable investment than the Harvester. For an ente profitable investment than the Harvester. For an enter-prising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfac-torily that men of moderate capital could not choose a better

or more money-paying business.

READ the following proof of what we have long sin asserted, viz: that the Mustang Liniment is the si-qua non of all external remedies ever before offered to the efficient.

afflicted:

"Wm. M. Johnston, No. 112 Second street, Pittsburg, says that he had a severe attack of Rheumatism in his right hip; after suffering some ten days, the left hip also became affected, and he was obliged to 'lay up.' The pain was constant and excruciating. He had heard of the wonderful offects of the Mustang Liplment in Rheumatism, and determined to try it. One small bottle, thoroughly applied, performed a perfect cure! B. H. Meakings, 189 Wainut street, Cincinnait, was confined to his bed and under treatment of a physician some six weeks with Neuraigia of the whole of his right side, leg, arm, and face. His sufferings were indescribable, and theonly cessation from the most agonizing pain was while under the influence of opium or morphine. His doctor finally advised him to try the Mustang Liniment; he did so, and in two days was able to go about his business, perfectly cured."

did so, and in two days was able to go about his business, perfectly cured."

"The Lame Made to Walk.—About the first of April I cut and laid open the fore fluger of my left hand, through the bone and across the second joint, nearly dissevering it from the hand, being about two-thirds off. I was fearful that I should lose the use of my fluger forever; but I bound it up with the Mexican Mustang Liniment, and it soon healed up, and is now perfectly well, though somewhat scarrified. I used nothing but the Mustang Liniment.

"About one week ago I had the misfortune to cut the cap of my left knee in two with the sharp corner of an axe. The cap was split asunder, and for a day or two I could not use my leg at all and I was afraid that I would lose its use forever. The cap was cut and cleft to the joint with a deep and als rming gash, and it gave me great pain and uncasiness, leat I should be entirely deprived of the use of my leg. I applied the Mexican Mustang Liniment, and that alone, in both of the above cases, and I am now quite well, except the cap of my knee is a little swollen, and is tender about the cut, which is healed up and shows a fresh red appearance of about one inch and a half in length and a quarter of an inch in width, but gives me no inconvenience whatever. "I walked fifteen miles yesterday out of the thirty miles from the place where I live near the Sulphur Springs, in Jefferson county, and feel able to walk as many more to-day. My recovery has been so wonderful that I feel it my duty to make it public, that the world may know the value of the Mexican Mustang Liniment.

Gen. Scott.-Whig Pyramid for 1852. The Berks and Schuylkill Journal gives the following as likely to compose the noble galaxy of Whig States next November:

WHIG PYRAMID OF 1852. OHIO, IOWA. MAINE, INDIANA, MICHIGAN, FLORIDA, NEW YORK DELAWARE, VERMONT, TENNESSEE. WISCONSIN, LOUISIANA, MARYLAND, KENTUCKY, CALIFORNIA, NEW JERSEY, CONNECTICUT RHODE ISLAND, MASSACHUSETTS, NORTH CAROLINA, PENNSYLVANIA.

The same paper says: "Lest our Locofoco friends should be in a quandary to know who this General Scott is, whose name is now ringing through the country as the Whig candidate for the Presidency, we give, for their especial information, a list of the battles and brilliant victories of which he was the hero. K EEPS always on hand a select stock of seasonable Goods for gentlemen, which he makes up to order at notice, and at reasonable prices.

Wishing to prepare for the Fall trade, he will, from this American army into the city of the Montezumas, commencing with the late war with Great Britain, and ending with the triumphant entry of the as follows, viz:

> FORT GEORGE, FORT MATILDA. FORT ERIE. CHIPPEWA. NIAGARA. LUNDY'S LANE, VERA CRUZ. CERRO GORDO, CONTRERAS, CHURUBUSCO. MOLINO DEL REY, CHEPULTEPEC CITY OF MEXICO!

"Here are seven brilliant battles of two wars, in all of which Winfield Scott was the master-spirit. Such is General Scott, the hero of three wars. who will, if he lives, be the next President of the United States."

Mr. Webster's Opinion of Military Can-dates.

The following are extracts from Mr. Webster's speech at Marshfield, in 1848, on the nomination of General Taylor: "GENTLEMEN: Before General Taylor's nomi-

nation, I stated always, when the subject was mentioned by my friends, that I did not and could

not recommend the nomination of a military man to the people of the United States for the office of President. It was against my conviction of what was

the line of his own profession, or however estimable as a private citizen, Gen. Taylor is a military man, and a military man merely. He has had no training in civil affairs. He has performed no functions of a civil nature under the constitution of his country. He has been known, and is known, only by his brilliant achievements at the head of an army "Now, the Whigs of Massachusetts, and I

among them, are of opinion that it was not wise, nor discreet, to go to the army for the selection of a andidate for the Presidency of the United States. It is the first instance in our history in which any man of mere military character has been proposed for that high office. "This case, therefore, stands by itself, without recedent or justification from anything in our pre-

that the Whigs of Massachusetts feel dissatisfied with this nomination." A part of the convictions herein expressed are valid against Gen. Scott; but not that he is a mere military man. Mr. Webster's objections to Gen. Scott must, of course, be weaker than those he entertained respecting Gen. Taylor; and he gave to Gen. Taylor a hearty support, declaring

himself incapable of opposing a Whig nominee.
